

# **COMMUNITY ROAD SAFETY ADVISORY COMMITTEE 2023 WORK PLAN**

# ***PRESENTATION OUTLINE***

- Introductions
- Looking back at 2022
- 2023 Work Plan
- Feedback/Questions

# ***Overview of Committee 2022***

## Highlights of 2022 (Council package)

- Contributions of outgoing members and Chair
- RCMP and Enforcement Services Presentations
- Automated Traffic Enforcement
- Crosswalk presentation and discussion
- Development Standards presentation and discussion
- Communications presentation and discussion
- Traffic Bylaw (decibel readings) input and recommendation
- Feedback and recommendations on e-Scooter pilot program

# ***2023 Committee Work Plan***

## General Overview

- Opportunities for more value added input and recommendations
- Information presentations or any agenda items to include specific questions and feedback opportunities for the committee
- Continue with and improving formalized annual presentations from RCMP and Enforcement Services
- Ambitious work plan supported by Committee (more meetings if required) and administration
- Explore opportunities and awareness outside of the City in terms of “best practice” and innovations elsewhere
- Looking at possible implications related to potential need for committee budget
- Ongoing discussion related to role of committee

# ***2023 Committee Work Plan***

## Review and Analysis

1. Automated Traffic Enforcement
2. Speed Limits
3. Pedestrian Safety and Accessibility
4. Data Management and Delivery (i.e. dashboard)
5. Input into policy frameworks/plans (i.e. MDP, Community Standards, Safe City Program, Traffic Safety Plan, etc.)
6. Distracted Driving

# ***Feedback/Questions?***
