

Councillor Reports Board and Committee Updates

Date: November 25, 2024

Council Member: Dave Oldham

**1. Youth Advisory Committee
Thursday November 21, 2024**

Update

The Youth Advisory Committee had a presentation on the East Pioneer Natural Area Management Plan. Attendees provided some feedback and asked several great questions.

The group also had a presentation from our own staff on the Kickstand project. The youth were very excited about this and plans for further engagement were in the works as the City plans a youth space.

The group made decisions on support for both Parkland Food Bank and the Late Night Café.

Councillor Stevenson and Oldham also gave an update on Council information and what is going on in our community.

Emerging Issues

Look for our Youth Advisory Committee members out at several spring and summer events this year!
