

REQUEST FOR DECISION

MEETING DATE: February 3, 2025

TITLE: Public Delegation - Parkland Pregnancy Support Centre

DIVISION: Community and Protective Services

SUMMARY:

Clint and Karen Carlton from the Parkland Pregnancy Support Centre have requested to make a presentation to City Council.

PROPOSED MOTION:

A motion is not required.

BACKGROUND / ANALYSIS:

n/a

OPTIONS / ALTERNATIVES:

Council approved CP-1056-24 - Civic Grant Program Policy, on August 26, 2024, and funding for 2025 has already been approved and allocated based on the direction of Council. As part of the policy, all grant submissions received in 2025 and beyond are to be vetted through the Community Services Advisory Committee, who in turn makes recommendations to Council for approval as part of the Corporate Plan deliberations. New applicants requesting funding / grant support are directed to the Civic Grant Program Policy for potential funding in 2026.

The microgrant stream of the Civic Grant Program Policy could be applied for and considered in 2025; however, the maximum allowed under this stream is \$1,500.

CONSULTATION / ENGAGEMENT:

n/a

IMPLEMENTATION / COMMUNICATION:

n/a

IMPACTS:

Funding outside of the Civic Grant Program Policy would be contrary to the recently approved policy and potentially create a precedent for additional groups to do the same.

FINANCIAL IMPLICATIONS:

All 2025 Community Grant funding has been allocated. There are no additional funds / budget available as part of that allotment.
