Second and third reading of Bylaw C-1167-21, a text amendment to the Land Use Bylaw for adding a new land use district, are being brought forward for consideration by Council. The proposal creates “Section 126A SE - Sports and Entertainment District”, which is intended to implement the goals and objectives of the Municipal Development Plan (Bylaw C-960-16) and recent amendments to the East Pioneer Area Structure Plan that identified a recreation and entertainment district featuring a baseball stadium.

### **PROPOSED MOTION:**

THAT second reading be given to Bylaw C-1167-21 - Land Use Bylaw Amendment – Section 126A SE - Sports and Entertainment District.

THAT third reading be given to Bylaw C-1167-21 - Land Use Bylaw Amendment – Section 126A SE - Sports and Entertainment District.

### **BACKGROUND / ANALYSIS:**

The proposed amendment through Bylaw C-1167-21 defines a new sports, recreation, and entertainment land use district that would accommodate developments intending to create vibrant, mixed-use sports and entertainment areas that may include a range of supportive accessory commercial and community service type uses.

Land uses available within this new district include, but are not limited to, Recreational Establishments, Stadiums, Transit Transfer Stations, Libraries and Cultural Exhibits, and Accessory Uses that would be ancillary to a principal use.

Bylaw C-1167-21 supports the Municipal Development Plan by:

- promoting a higher quality of life for residents through creation of gathering places for social and recreational activities, and offering diverse recreational programs in first-class facilities (MDP Community Life Goals 8 and 9);
- reinforcing and creating new community level gathering places (MDP policy 5.1.4.1);
- promoting continued development of Spruce Grove as a regional and commercial centre (MDP Policy 6.2.1); and,
- increasing local employment opportunities (MDP Policy 6.1.1).

This proposed district would regulate developments intended within the new Ball Park District that includes a baseball stadium as a major feature. However, the district would also be available for future use in the development of other private or civic recreational type development areas that would promote recreational and community type uses, and thereby create community and neighbourhood gathering places to enhance the quality of life of city residents.
