

REQUEST FOR DECISION

MEETING DATE: March 21, 2022

TITLE: Public Delegation – Alberta Capital Region Wastewater Commission

DIVISION: Planning & Infrastructure

SUMMARY:

Administration from the Alberta Capital Region Wastewater Commission (ACRWC) is connecting with all member municipalities throughout 2022. Kate Polkovsky, General Manager of the ACRWC, is presenting to Council to provide a baseline educational presentation and an opportunity to support any questions that may arise.

PROPOSED MOTION:

A motion is not required.

BACKGROUND / ANALYSIS:

The ACRWC provides regional wastewater transmission and treatment to Spruce Grove and 12 other member municipalities in the region.

The treatment and transmission that the ACRWC provides, support both the existing wastewater needs, as well as proactively plans for growth and development within each member municipalities through work between Administration and the Commission. Through much of the work that the ACRWC completes, it provides services as an extension of each member's wastewater system from both the conveyance and treatment side, to the source control and long term strategies.
